

# NAEPS CODEquest Coding College 2012

Register today for this intensive **Nebraska specific** one day, **6-hour** course designed to enhance participants' knowledge of proper coding and documentation in order to receive proper reimbursement.

## Program Overview

Prepare and know what to expect before ICD-10 starts

- Beginning October 1, 2013 U.S. physicians will be required to report diagnostic codes based on the ICD-10 code set. Will your ophthalmic practice be ready?
- An ICD-10 training plan will ensure your entire practice is prepared and knows what to expect; this course will guide you begin planning for implementation of ICD-10.

Enhance your coding competency and be better prepared for all types of audits

- CODEquest helps you identify techniques to appropriately code for proper reimbursement in all specialties in ophthalmology.
- You learn to utilize appropriate modifier(s) in the office and/or surgical setting.
- You recognize key components to code correctly the first time.

Morning Session (3 Hours) step by step instructions to give attendees ICD-10 confidence in:

- How physician and technician documentation must change
- What coders and billers need to watch for to assure claims are submitted accurately
- What administrators/office managers need to know to assure a smooth transition and coding compliance
- Practical application and real world examples to assure proficiency with ICD-10

Afternoon Session (3 Hours)

- What's new in 2012
  - CPT (including new codes for contact lens), ICD-9 (big changes for glaucoma and retina), PQRS, e-prescribing and audit changes
- Exams scenarios:
  - Two exams, same patient, same day, same doctor
  - Two exams, same patient, same day, different doctors
  - Four levels of glaucoma evaluation
- Modifier challenge: Test your competency
- Complex surgical cases from all specialties involving multiple procedures during the same session
- Complications during global period : Are they payable or not?
- Testing Services: What services are billable together and what are not.
- What's wrong with this picture? Learn to solve coding quandaries

AAPC Continuing Education Units

This program has prior approval of the American Academy of Professional Coders for 6 Continuing Education Units. Granting of this approval in no way constitutes endorsement by the Academy of the program, content or the program sponsor.

JCAHPO CE Credits

This course has been approved for 6 JCAHPO "A" CE credits for completion of this course.

CME Credits for physicians

The American Academy of Ophthalmology is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. The American Academy of Ophthalmology designates this live activity for a maximum of **6 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

## Location

**Friday, April 13, 2012**

**Omaha Marriott Hotel**

10220 Regency Circle ~ Omaha, NE
