

2023 NAEPS FALL SCIENTIFIC MEETING

& 23rd Annual Continuing Education Symposium
for Ophthalmic Personnel

FRIDAY AND SATURDAY

OCTOBER 6-7, 2023

OMAHA MARRIOTT DOWNTOWN

AT THE CAPITOL DISTRICT

222 NORTH 10TH STREET

OMAHA, NE 68102

Jointly provided by

**Nebraska Academy of
Eye Physicians and Surgeons**

Creighton
UNIVERSITY

Center for Professional
and Corporate Excellence

TARGET AUDIENCE

This program is designed for practicing ophthalmologists working in comprehensive specialized practices, as well as ophthalmology residents and fellows.

PURPOSE STATEMENT

This one and a half day meeting is designed to present the latest developments in ophthalmic disorders and their management. It will include a wide range of topics relevant to clinical care and thus enable ophthalmologists to maintain or improve the knowledge, skills and professional performance needed to provide the best possible medical and surgical eye care for their patients.

EDUCATION CREDITS

CATEGORY 1

Creighton University Health Sciences Continuing Education designates this activity for a maximum of 10.25 AMA PRA Category 1 Credits(s)TM. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

AAPA accepts AMA category 1 credits for the PRA from organizations accredited by ACCME.

NURSE CE

Creighton University Health Sciences Continuing Education designates this activity for 10.25 contact hours for nurses. Nurses should claim only the credit commensurate with the extent of their participation in this activity.

ACCREDITATION STATEMENT

In support of improving patient care, this activity has been planned and implemented by Creighton University Health Sciences Continuing Education and Nebraska Academy of Eye Physicians and Surgeons (NAEPS). Creighton University Health Sciences Continuing Education is jointly accredited by the Accreditation Council for Continuing

Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing center (ANCC) to provide continuing education for the health care team

Friday, October 6, 2023

7:00am – 8:00am	Registration, Continental Breakfast, & Exhibitors
8:00am – 8:15am	Welcome & Program Overview, Shane Havens, MD , NAEPS President
8:15am – 9:00am	<i>Is This Really Happening? Determining Glaucomatous Progression with Visual Fields,</i> Andrew E. Pouw, MD , University of Iowa
9:00am – 9:45am	<i>Avoiding GIANT Problems: A Mental Framework to Diagnose Temporal Arteritis,</i> Collin McClelland, MD , University of Minnesota
9:45am – 9:55am	Questions
9:55am – 10:15am	Break & Exhibitors
10:15am – 11:00am	<i>Medicare's MIGS Mistake: Medicare Administrative Contractor Policy & the Evidence for MIGS,</i> Andrew E. Pouw, MD , University of Iowa
11:00am – 11:45am	<i>Paradigm Shifts in Neuro-ophthalmology: Optic Neuritis,</i> Collin McClelland, MD , University of Minnesota
11:45am – 12:00pm	Questions
12:00pm – 1:00pm	Lunch & Exhibitors

PHYSICIAN COURSE OUTLINE

Friday, October 6, 2023 (continued)

1:00pm – 2:00pm	Nebraska Academy of Eye Physicians and Surgeons Business Meeting
2:00pm – 2:45pm	<i>Hot Topics in Retina 2023,</i> Judy E. Kim, MD , Medical College of Wisconsin
2:45pm – 3:30pm	<i>Caring for Patients with Corneal Ulcers,</i> Maria A. Woodward, MD, MSc , University of Michigan
3:30pm – 3:45pm	Break & Exhibitors
3:45pm – 4:30pm	<i>Optimizing Management of Diabetic Retinopathy</i> Judy E. Kim, MD , Medical College of Wisconsin
4:30pm – 5:15pm	<i>Opioid Prescribing in Ophthalmic Care</i> Maria A. Woodward, MD, MSc , University of Michigan
5:15pm – 7:00pm	Nebraska Academy of Eye Physicians and Surgeons Networking Reception

Saturday, October 7, 2023

7:00am – 8:00am	Registration, Continental Breakfast, & Exhibitors
8:00am – 8:15am	Welcome & Program Overview, Shane Havens, MD , NAEPS President
8:15am – 9:00am	<i>A Journey Through the Lacrimal System,</i> Gregg Lueder, MD , Washington University
9:00am – 9:45am	<i>Cataract Case Conference: From Routine to Complex, Choose Your Own Adventure,</i> Jeff Pettey, MD, MBA University of Utah
9:45am – 9:55am	Questions
9:55am – 10:15am	Break & Exhibitors
10:15am – 11:00am	<i>Why Pediatric Ophthalmology,</i> Gregg Lueder, MD , Washington University
11:00am – 11:45am	<i>Ophthalmology's Future: Can We Meet the Global Demand for Eye Care,</i> Jeff Pettey, MD, MBA , University of Utah
11:45am – 12:00pm	Questions
12:00pm	Adjourn

FACULTY SPEAKERS

JUDY E. KIM, MD

***Professor of Ophthalmology & Visual Sciences,
Professor at the Graduate School of Biomedical Sciences,
Medical College of Wisconsin***

Dr. Judy E. Kim is a graduate of the University of Chicago, Johns Hopkins University School of Medicine, and Howard Hughes Medical Institute-National Institutes of Health Research Scholars Program. After completing her ophthalmology residency at the Bascom Palmer Eye Institute of the University of Miami and vitreoretinal fellowship at the Medical College of Wisconsin, Dr. Kim was in private practice for several years before embarking on an academic career.

Dr. Kim was inducted into the American Ophthalmological Society (AOS) during the society's 150th (2014) annual meeting in New York. The AOS is limited to 275 active members and has included most of the notable luminaries in ophthalmology over the years. Dr. Kim is the first Korean-American ophthalmologist to become an AOS member. Founded in 1864, during the US Civil War, the AOS was the first specialty society in the country, and its membership has served to influence virtually every facet of American ophthalmology. Admission to membership starts with a nomination process based on leadership and research in ophthalmology and requires the writing and publication of a thesis within three years of nomination. Acceptance into the society continues to represent special recognition of personal achievement.

GREGG T. LUEDER, MD

***Professor of Ophthalmology and Visual Sciences,
Professor of Pediatrics,
Washington University School of Medicine***

An Omaha native, Dr. Gregg T Lueder is a graduate of the University of Iowa College of Medicine, completed residency in pediatrics at the St. Louis Children's Hospital, residency in ophthalmology at the University of Iowa Hospital, and fellowship in pediatric ophthalmology at the Hospital for Sick Children in Toronto, Canada. He is board certified in both Pediatrics and Ophthalmology. Dr. Lueder has been a faculty member at the Washington University Medical Center in St. Louis, Missouri. His research interests include ophthalmic manifestations of pediatric systemic disease, lacrimal disorders, and ophthalmic education for pediatricians. He has authored and co-authored over 100 peer-reviewed manuscripts and has written several book chapters, as well as authored the book *Pediatric Practice: Ophthalmology* in 2011.

Dr. Lueder is a past Section Chairperson and Councilor for the AAO, as well as the 2022 Leonard Apt awardee, a prestigious award for pediatric subspecialists given biennially since 2000 to recognize internationally known experts in the fields that are considered relevant to understanding disease processes and treatments in pediatric ophthalmic patients. Dr. Lueder was inducted into the American Ophthalmological Society (AOS) in 2014 and has been listed in America's Best Doctors since 1996.

FACULTY SPEAKERS

COLLIN McCLELLAND, MD

***Associate Professor of Ophthalmology and Visual Neurosciences,
University of Minnesota***

Dr. Collin McClelland is a graduate of the Saint Louis University School of Medicine, completed his fellowship at Washington University Medical Center, and his neuro-ophthalmology fellowship at the University of Pennsylvania. He currently serves as the Reinhardt L. and Ruth H. Schidtke Chair in the Department of Ophthalmology and Visual Neurosciences of the University of Minnesota. He focuses on patients with a variety of neuro-ophthalmic problems, including double vision, giant cell arteritis, hemifacial spas/blepharospasm, neuro-ophthalmology, pseudotumor cerebri, and strabismus.

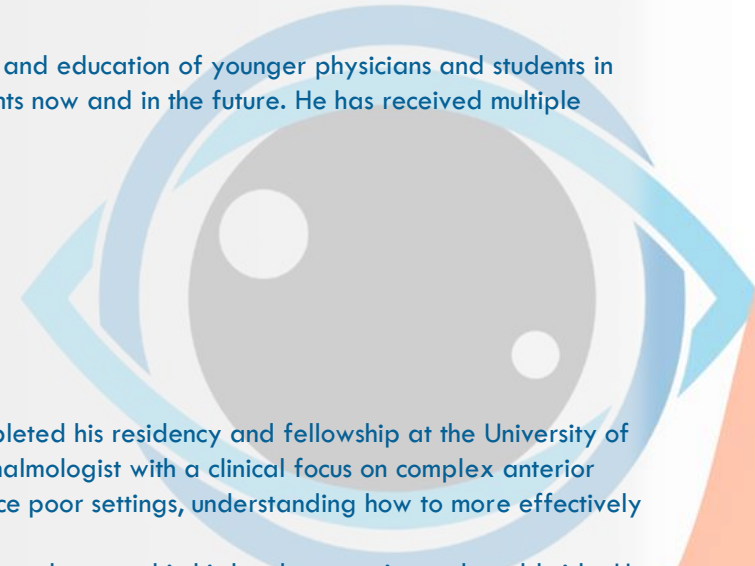

Dr. McClelland is a strong advocate of advancements in medicine through research and education of younger physicians and students in order to allow the medical community to provide the highest level of care to patients now and in the future. He has received multiple awards for teaching throughout his career.

JEFF H. PETTEY, MD, MBA

***Associate Professor of Ophthalmology,
Vice Chair of Clinical Affairs,
Dr. Ezekial R. & Edna Wattis Dumke Endowed Chair, Global Education
University of Utah***

Dr. Jeff H. Pettey is a graduate of Ohio State University's School of Medicine, completed his residency and fellowship at the University of Utah, as well as his Master of Business Administration. He is a comprehensive ophthalmologist with a clinical focus on complex anterior segment surgery. His research interest include improving eyecare delivery in resource poor settings, understanding how to more effectively train eye surgeons, and how to improve cataract surgery safety and efficiency.

Dr. Pettey is well-known for his passion and dedication for providing eyecare to the underserved in his local community and worldwide. He is committed to eradicating healthcare disparities, and is the founder and medical director of the Moran Eye Center's local surgical outreach program, Operation Sight. He is a regular volunteer physician at local free clinics and volunteer surgeon for Moran Eye Center's outreach on the Navajo Nation. His global ophthalmology work focuses on supporting and establishing high quality training centers to sustainably address avoidable and curable blinding conditions. He continues to be an advocate for the underserved. In 2017, Dr. Pettey was the recipient of the prestigious AAO Artemis Award for his contributions to tackling healthcare disparities on a global and local level.

FACULTY SPEAKERS

ANDREW POUW, MD

***Clinical Assistant Professor, Glaucoma Division,
University of Iowa***

Dr. Pouw is a graduate of the University of Southern California Keck School of Medicine, he completed his internship at Santa Barbara Cottage Hospital, followed by his residency at Yale University, and fellowship at Johns Hopkins University Wilmer Eye Institute. Dr. Pouw is a glaucoma specialist who also serves as the Physician Informatics Officer for the Ophthalmology Department at the University of Iowa Hospitals and Clinics, where he works to improve electronic health record workflows for clinicians and staff.

He has been awarded the Health Disparities Grant in 2022 and in 2023, a \$100,000 award, for his work to prevent blindness in underinsured populations. Dr. Pouw is also the co-founder and co-host of the ophthalmic medical education podcast directed at trainees called "Eyes for Ears".

MARIA WOODWARD, MD, MSc

***Associate Professor, Ophthalmology and Visual Sciences,
Section Leader, Cornea, Cataract and Refractive Surgery
University of Michigan***

Dr. Woodward is a graduate of Columbia University, completed her ophthalmology residency and fellowship at Emory University School of Medicine, followed by a Master of Science degree in Health and Healthcare Research at the University of Michigan's Robert Wood Johnson Clinical Scholars Masters Program. Her career goal is to dramatically extend high-quality, affordable eye care to underserved and under-represented communities nationally and globally. She is currently funded by the National Eye Institute for her research focuses on novel ophthalmic technologies and eHealth clinical programs.

She is the co-director of the University of Michigan's Kellogg Eye Center eHealth and the director of Telemedicine and Clinical Programs. She also serves on the American Academy of Ophthalmology's Research, Regulatory & External Scientific Relations Committee and Telemedicine Task Force. She collaborates with national and international leaders in telemedicine, cornea, health sciences, and engineering, including close collaboration with Aravind Eye Hospitals in India.
