

.....
Codequest™ provides expert coding instruction for practices of every size and every specialty.

Physicians, administrators, technicians, and scribes all play a crucial role in patient care and your practice's financial health. **Join the most knowledgeable coding experts in ophthalmology** for four hours of professional coding education essential to your success. We'll map out the latest critical updates, review key competencies, test your knowledge through live polling and steer you towards successful solutions for approximately maximizing reimbursements.

Developed by the American Academy of Ophthalmology, **Codequest is the best way to protect your practice from claim denials and audit recoupments.**

Who should attend?

Ophthalmologists who are responsible for their practice's revenue, plus technicians, scribes, billers and coders, compliance officers, practice managers/administrators.
